

Cosmetic, Toiletry, and Fragrance Industry

Essential for Brazil

ABIHPEC is a Private entity that represents the Brazilian industry of Cosmetics, Toiletry, and Fragrances

With about 400 associated companies, it represents 90% of the sector

ABIHPEC operates in the defense of the sector interests in the different public and private spheres, supports actions focused on the industry progress through the development of projects and programs that promote **innovation, sustainability, regulation, internationalization, the sector projection, and socially responsible corporate attitude.**

Some areas of activity

- **Technical and regulatory affairs**
- **Foreign trade**
- **Communication & Marketing**
- **Innovation & Technology**
- **Market intelligence**
- **International Businesses**
- **Environment**
- **Social Responsibility**
- **Institutional relations**
- **Tax**

An **ESSENTIAL*** sector to the country

The Cosmetic, Toiletry,
and Fragrance Sector
takes care of Brazil...

**...preventing diseases,
offering well-being,
strengthening self-esteem
and promoting social
inclusion.**

**Taking care of health and well-
being is taking care of Brazil**

*CT&F sector was considered essential by the federal government: Decree nº 10.329/2020

Takes care of Health

- **Hand hygiene (prevention of Covid-19)**
(liquid and bar soap, alcohol gel)
- **Oral hygiene**
- **Sun protection**
- **Insect repellents**
- **Personal hygiene**
(adult and child disposable diapers, wet wipes, sanitary pads, toilet paper)
- **Respiratory hygiene and etiquette**
(tissues)
- **Treatment and cleaning of skin, hair and nails**

Takes care of the environment

- **Pioneering in reverse logistics for post consumption packaging**
- **Socio-environmental responsibility**
- **Development of eco-efficient packaging**
- **Sustainable use of biodiversity assets**
- **Supply of raw-materials and supplies by local communities**
- **Mobilization of the supply chain**
- **Climate agenda and Decarbonization of the economy**

Takes care of Society

- **Women empowerment**
- **Increase of self-esteem, well-being, and life quality**
- **Employability**

2023

The CT&F industry mobilizes and promotes development in Brazil

Local production prevails, leveraging job generation

▪ 3th largest consumer market for HPPC products in the world.*

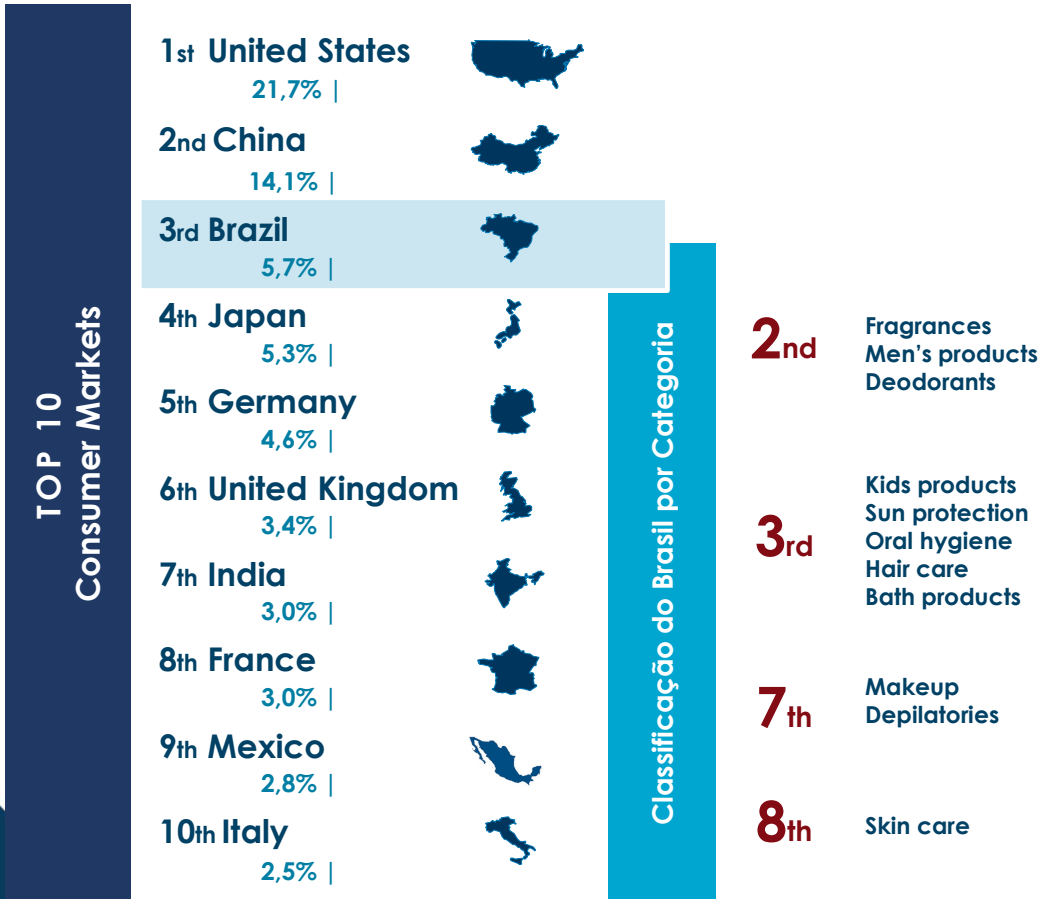

▪ 3rd market in the global ranking of countries that launch more products yearly (1st USA; 2nd China)**

▪ Exported in 2022 to 176 countries, reaching a record value of US\$911.2 million.***

Job and Work Opportunities

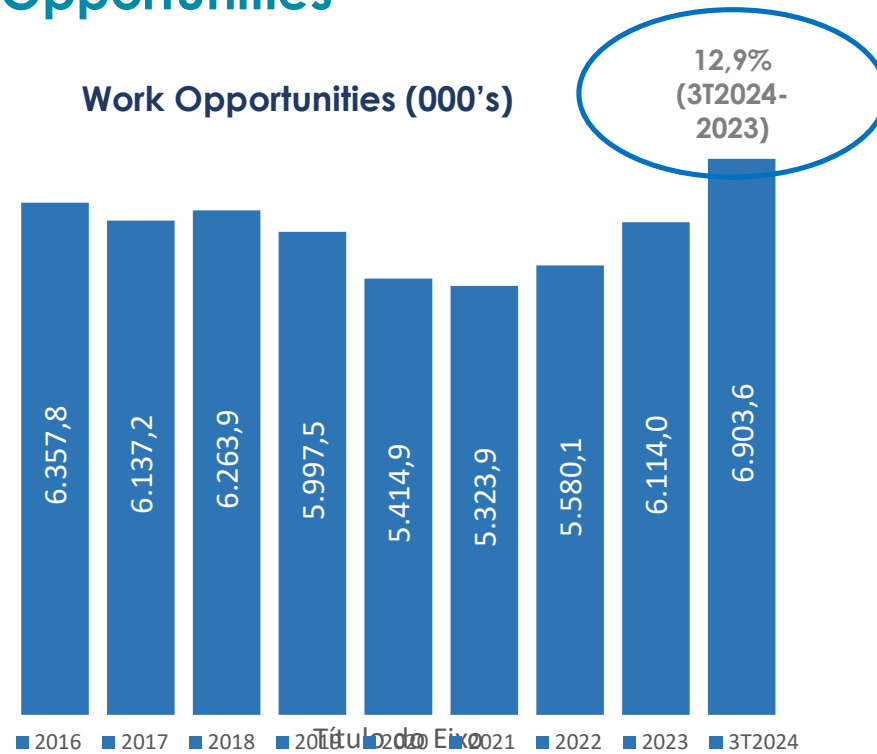

Direct Jobs (000's)

CAGR (2017-3rd quarter of 2024): 3,7%

After showing a drop in the number of direct jobs in 2015 and 2016, the sector experienced continuous growth in the following years, ending the 3rd quarter of 2024 with an increase of 8.5% over 2023, accounting for to 12.100 direct jobs.

Work Opportunities (000's)

CAGR (2017-3rd quarter of 2024): 1,7%

After overcoming the difficulties faced in the years of the pandemic, the sector has been reacting positively and gradually in generating job opportunities, ending the 3rd quarter 2024 with 6.9 million job opportunities, a growth of 12.9% vs. 2023.

Socio-economic impact of the CT&F sector

- The matrix effect shows the relevance of a sector along the production chain
- Value added in the other sectors
 - Sectorial interrelations
- High income generation capacity (salary mass multiplier)
- High collection capacity (seen in the tax multiplier)

When **R\$ 1 billion** is allocated in the **CT&F sector***, in the Brazilian economy are generated:

	 PRODUCTION (R\$)	 OCCUPATION (Units, for 1 year)	 TAXES (R\$)	 WAGES (R\$)
 CTF	1,3 billion	25 Thousand	591 Million	509 Million

As a comparison, even an increase in agriculture or industry generates:

 Agriculture	1,2 Billion	41 Thousand	157 Million	321 Million
 Industry	1,3 Billion	26 Thousand	346 Million	484 Million

Source: Elaboration LCA, based on the Tables of Resources and Uses of the 2015 National Accounts System.

Tax Map

Since 2015, the CT&F sector has been impacted by a series of tax measures that, combined with the unfavorable political and economic scenario, have harmed the industry's results.

The risk of consecutive and indiscriminate measures (IPI and ICMS), under the pretext of increasing resources to the public coffers, has been lowering sales in the sector and, therefore, reducing the collection curves, in an effect contrary to that intended by the government.

The sector was penalized with an increase in ICMS in 24 states and the Federal District, according to the map, in addition to the strong impact caused by the shift of the IPI from the industry to the distributor that occurred in 2015.

In 2024, the scenario will be even more challenging in view of the increase in the modal rate of ICMS approved in several UF's at the end of 2023.

Biodiversity

ABIHPEC reinforces its commitment with the Environment fostering the **sustainable use of biodiversity** applied to the development of **products and solutions**, and encouraging the **sharing of benefits** from the economic exploration of Brazilian biodiversity involving **access to the genetic heritage and associated traditional knowledge (Law nº 13.123/2015)**:

The sector representation with the Ministry of Environment (MMA) and other agencies.

Member of CGEN (Genetic Heritage Management Council).

Publication of **contents** on the theme, as well as technical notes produced from discussions made in the **Working Group on Biodiversity**.

Environmental responsibility Biodiversity & Climate Changes

Climate Changes

Brazil has national goals to reduce greenhouse gas emissions, **and this commitment is extended to industries**, so, **awareness and adoption of the best practices in climate management (measurement, reduction, adaptation)**, are essential.

Working Group on Climate Change.

Participation in **national and international forums and events (ex. COP28)**.

Dialogue with executive and legislative powers for monitoring of the **climate change regulatory agenda**.

Guidance and awareness to associated companies about climate management.

1 Million tons of packaging recovered until 2023

Pioneer program for **reverse logistics of packaging in general** since **2006**, **Mãos Pro Futuro Program** carries out actions turned to the recovery and appropriate destination of packaging, after consumption, creating **generation of jobs, income improvement, and social inclusion**.

In **2023**, the program gained a new visual identity: The Program “Dê a Mão Para o Futuro” (Lend a hand to the future) became **Mãos Pro Futuro (Hands to the Future)**.

It also created the **Mãos Pro Futuro Seal** whose goal is to inform the consumer the **percentage of recovery and appropriate destination of post-consumption packaging placed in the market by member companies**.

- o **165,661 tons** of post-consumer packaging recovered in 2023.
- o Inauguration of the **“Recycling Station”** pilot project, wich aims to encourage the inclusion of individual collectors in reverse logistics systems.
- o **National and international acknowledgement:** in 2019 and 2021 by UM ECLAC and by the Municipal Chamber of São Paulo, as sustainability case.

 **26 FUS + DF**

+de 5,700 waste pickers participating

197 waste picker organizations

1 Million tons of post-consumption packaging recovered*

The program directly meets 14 of the 17 SDGs:

Social Responsibility

De Bem com Você – A Beleza Contra o câncer

The Program **De Bem com Você (Look Good, Feel Better)** brings **self-makeup workshops to patients under oncological treatment**, with the support from the Cosmetic, Toiletry, and Fragrances industry.

Today the program counts on **52 partner hospitals in 11 states, 31 municipalities** and, since the beginning (2012), the program served over **,50 thousand patients, involving over 150 volunteers.**

The program currently **offers in-person and virtual self-makeup workshops, and also via video-classes.**

In 2023, **6.422 womens were assisted in 691 workshops**, in addition to an agenda of **lives** with special guests who brought topics related to **oncology, self-esteem, self-care, beauty and well-being with over 1.800 people reached** on the official channels of the program.

In November 2023, the Men's Self-Care workshop began, with the aim of serving men undergoing treatment, thereby improving the self-esteem and emotional health of all beneficiaries.

Updated Jan/2023

Social Responsibility

Educação, Dignidade e Beleza - Childhood Brasil – Beleza Negra

The **Education, Dignity and Beauty** project aims to promote employability and entrepreneurship. In **2023**, it supported four institutions: **Instituto Profissionalizante da Mangueira (RJ)**; **Crescer Sempiternum Associação (SP)**; **Banco da Providência (RJ)**, **Casa do Menor São Miguel Arcanjo (CE)**.

Saiba Mais

Childhood Brasil, which has been supported by the **ABIHPEC Institute** since 2017, works to guarantee the defense of the rights of children and adolescents with a focus on preventing and confronting sexual violence. Promotes related terms on social networks. In **2023**, from **January to November**, more than **33 million people** viewed **Childhood Brasil** content on social networks (**Instagram, Facebook, LinkedIn**).

The project aims to develop affirmative actions aimed at promoting greater equity and racial representation in the beauty sector.

It was born from the initiative of the **CPDCN – Participation Council, Development of the Black Community of the Secretariat of Justice and Citizenship of SP**, with support from the extinct **CORES – Social Responsibility Committee of FIESP**, technical support from **SEBRAE – SP** and coordination of the **ABIHPEC Institute**.

Among the actions promoted, the following stand out: The training of black entrepreneurs in the beauty sector, aiming at their professional development and the improvement of their businesses; support for black people in professional training courses in the **Personal Hygiene, Perfumery and Cosmetics** sector; actions to promote greater representation of black people in management positions in companies in the sector, among others.

In the year 2023 we offer 3 scholarships in the olfactory evaluators course at Paralela Escola Olfactory with French methodology.
